Schedule Press Release:

Date Release:  
02/19/2024

## The Marshfield Democratic Town Committee (MDTC) announces the 2024 Civic Engagement Calendar.

The committee is working to improve political dialogue in Marshfield with a voter outreach program whose theme is "Do Good Often!" The committee is doing this by hosting six civic engagement events, which are mini-volunteer opportunities. These volunteer opportunities are easy-to-do activities that take less than an hour to

complete. They include donation drives, clean-up efforts, and community outreach. The new calendar adds four more events to the two successful events hosted by the committee at the end of last year.

You may have seen "Do good often!" lawn signs around town or been invited

to participate in a civic engagement event by one of your neighbors. Last year, the committee started this voter outreach program with a food drive for the Marshfield Food Pantry, where the committee collected over 12 carts of non-perishable food. The committee followed it up with a winter coat drive for veterans in December, which collected

over 500 coats. The committee will continue these two events plus four more

The committee is kicking off the civic engagement calendar with a blood drive in March. When the weather turns good, the committee will be doing cleanups of trails in May and beaches in July. In preparation for going back to school in August, the committee will be hosting a backpack drive. The civic engagement calendar finishes the year by repeating our successful efforts in food drives and veterans coats. You can see the full schedule and find out how you can help out at [MDTC.blog/dogoodoften](https://mdtc.blog/dogoodoften) or scan the QR code.
